WIREMOLD®
Meeting Room Solutions

Integrating A/V with the Collaborative Space

Current trends in workplace design are allocating more open space for meetings and collaboration. This trend presents a challenge for routing and managing the "last meter" of cables from the infrastructure to the point-of-use. Furthermore, connectivity and power configurations that are required to help business run smoothly, change quickly as new technologies are introduced. Wiremold® Meeting Room Solutions solve all these issues with the new InteGreat™ Series of products. InteGreat™ Products are specifically designed to fit together, protecting the routing of power, communication and A/V cables from the point-of-use to the building infrastructure. The InteGreat™ Series is also designed to work with other Wiremold products, such as Wiremold OFR Series Overfloor Raceway and Wiremold Poke-Thru Devices. InteGreat™ Products organize, protect and hide "the last meter" of cabling, as well as providing ready accessibility for future technology upgrades.

InteGreat™ A/V Table Box has a stylish design that fits into any meeting space. It provides power, communication and A/V connectivity, and can be combined with InteGreat™ Cable Retractors for excellent cable management.

FEATURES & BENEFITS

- **InteGreat™ products promote system integrity.** InteGreat™ Products are specifically designed to work together. This ensures cable organization and protection from the point-of-use to the building infrastructure. This system integrity also shortens the time needed for technology upgrades.
- **Attractive Design.** InteGreat™ table boxes have a brushed anodized finish that is available in either black or aluminum colors to match any room decor.
- **Multi-Service Integration Protection.** InteGreat™ products accept power, A/V and communication services, while keeping cords and cables neat and organized. This protects your cabling, while creating a clean, organized meeting space.
- **Ultimate Flexibility.** InteGreat™ products are adaptable to most meeting room tables, allowing the same parts to be used regardless of table or room dimensions.
- **Easy to Maintain.** InteGreat™ products easily accept future upgrades, minimizing disruptions and down time.
- **Ease of Installation.** Simple and straight-forward, InteGreat™ products install quickly so that downtime is minimal.
- **Safety.** InteGreat™ A/V Table Boxes have gasketed receptacles that protect against spills and meet US and Canadian safety standards.
- **cETLus Listed.** InteGreat™ A/V Table Boxes are ETL listed to meet US and Canadian safety standards.

Cable Retractors

Integrated Solutions Strategy

InteGreat™ A/V Table Boxes with InteGreat™ Cable Retractors keep cables protected and organized. Combine this with other InteGreat™ products like InteGreat™ Under Table cable Management and InteGreat™ Transition Channel. These InteGreat™ Series products were specifically designed to work and fit together, offering complete end-to-end cable management solutions.

A **AVIP Device Plates** – Audio video interface plates and devices mounted in InteGreat™ A/V Table Box.

B **InteGreat™ A/V Table Box** – Provides unique work surface solution to deliver devices access on the table surface and is fed from InteGreat™ UTCM system.

C **InteGreat™ Cable Retractors** – Protects and organizes cabling while keeping table surface free of excess cabling.

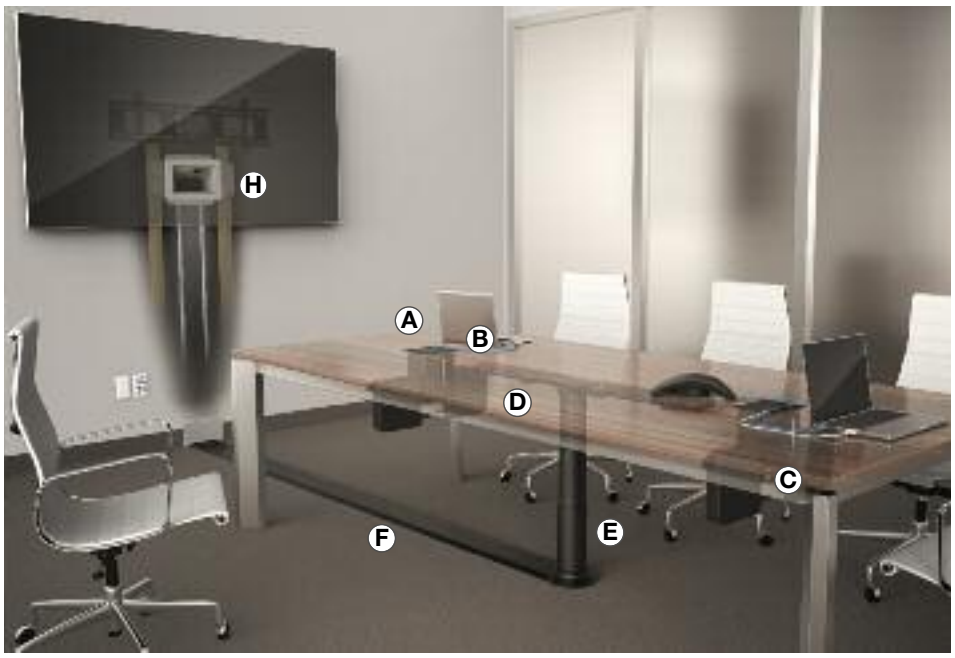

D **InteGreat™ Under Table Cable Management** – Provides clean cable management for power, communication and A/V cables on the underside of the table.

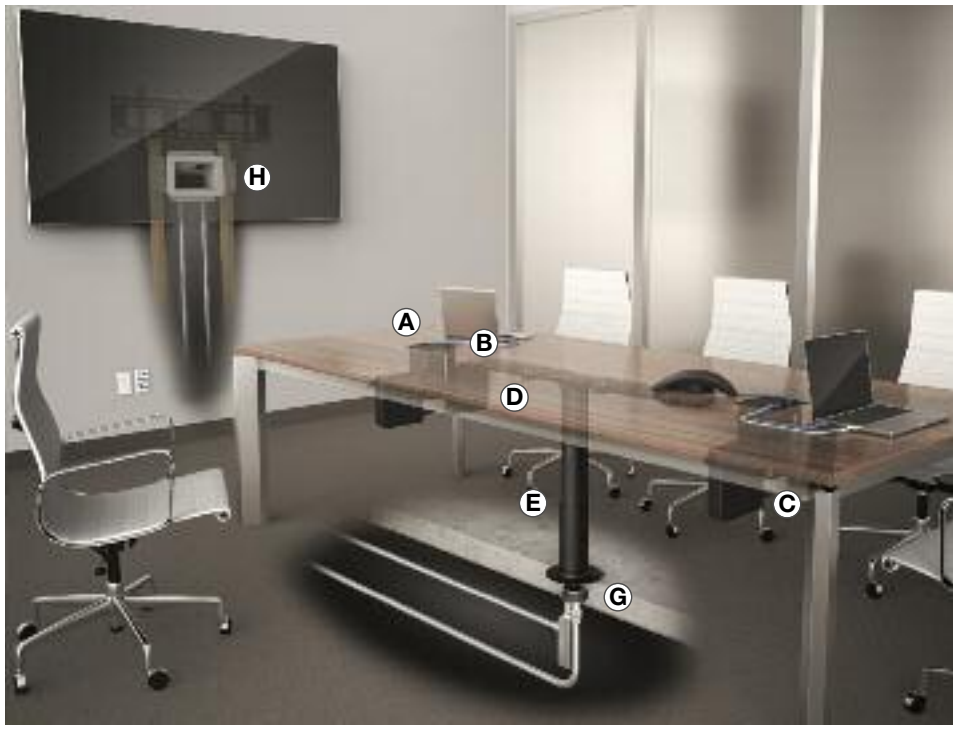

E **InteGreat™ Transition Channel** – Connects with Poke-Thru devices or OFR Series Overfloor Raceway to transition cables from the floor to the underside of the table.

F **OFR Series Overfloor Raceway** – Feeds power, communication and A/V cabling from wall to the underside of meeting table when feeding through the floor is not possible.

G **Evolution™ Series Poke-Thru Device** – Delivers power, communication and A/V cabling through the floor.

H **Evolution™ Series A/V Wall Box** – Provides power, communication and A/V services to flat screen monitors, while allowing the monitor to sit flush against the wall.

InteGreat A/V Table Boxes

InteGreat A/V table boxes are an elegant solution for extending power, communication and A/V to the meeting presenter's point-of use. InteGreat A/V table boxes provide the depth to mount devices, especially A/V devices, below the table top. It has attractive finishes that can match any room décor. Combine it with other InteGreat products, such as InteGreat Retractors, InteGreat Under Table Cable Management and InteGreat Transition Channel for a comprehensive solution to managing and delivering power, communication and A/V connectivity for conference rooms.

InteGreat A/V Table Boxes Ordering Information

Catalog No./Item	Description/Specifications
TB672APBK **TB672APAL** 	**A/V Table Box** – Table Box with 12' [3.66m] cord. Unit comes with two (2) 15A receptacles in the recessed compartments and one 15A receptacle on the underside of the box. Hardware bag includes Wiremold® AVIP Series Cable Kit with eight (8) openings. Can accept up to five (5) Legrand AVIP device plates or five (5) Extron® Electronics MAAP device plates. (Sold separately.) Available in black (TB672APBK) or aluminum (TB672APAL) finish.

InteGreat A/V Table Boxes accept Wiremold AVIP Series and Extron® Electronics MAAP Device Plates.

A Wiremold® AVIP Series Cable Kit is supplied with every InteGreat A/V Table Box.

Convenience receptacle on the underside of the box is ideal for powering small devices under the table.

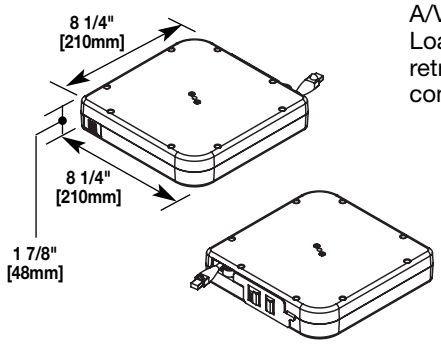

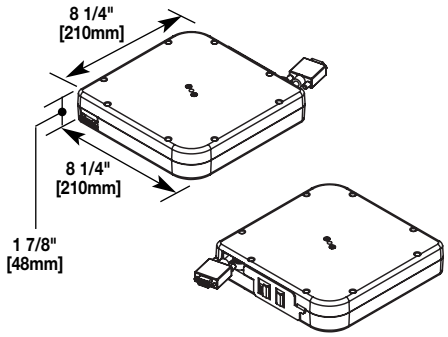

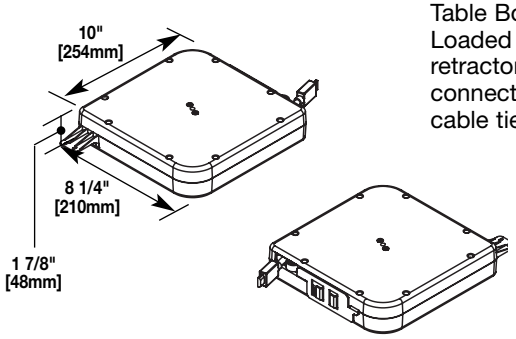

InteGreat Cable Retractors

InteGreat Cable Retractors attach easily to InteGreat A/V Table Boxes, or can be mounted directly to the underside of conference room tables. InteGreat Cable Retractors have 5' [1.52m] of retractable cable that allows users to have easy access to A/V and communication services. With a simple pull, the cable locks into place or retracts back into the table box, keeping the conference room table neat and organized.

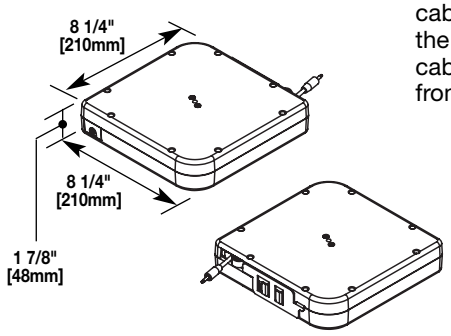

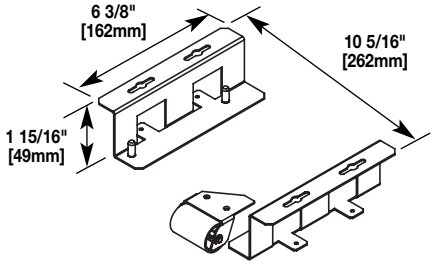

InteGreat Cable Retractors protect cables while keeping them neat and organized.

InteGreat Cable Retractors Ordering Information

Catalog No./Item	Description/Specifications
TBCRCAT6 	**Cable Retractor with Category 6 cable** – Mounts directly to the InteGreat Series A/V Table Box or to the underside of the conference room table using the TBCRHMK. Loaded with 12' [3.66m] of Cat6 cable that extends out 5' [1.52m] from the retractor. Retractor has a female input from building infrastructure, and a male connector on the output side.
TBCRVGA 	**Cable Retractor with VGA cable** – Mounts directly to the InteGreat Series A/V Table Box or to the underside of the conference room table using the TBCRHMK. Loaded with 12' [3.66m] of VGA cable that extends out 5' [1.52m] from the retractor. Retractor has a female input from building infrastructure, and a male connector on the output side.
TBCRHDMI 	**Cable Retractor with HDMI cable** – Mounts directly to the InteGreat Series A/V Table Box or to the underside of the conference room table using the TBCRHMK. Loaded with 12' [3.66m] of HDMI cable that extends out 5' [1.52m] from the retractor. Retractor has a female input from building infrastructure, and a male connector on the output side. Input side has mounting tab that allows installer to cable tie HDMI to the retractor to minimize chances of a loose connection.
