Product ID: 2679

Status: Authorised For Use

Product Title: Marco Cable Management – Steel Wire Cable Tray

Primary Use:

Steel Wire Cable Tray for both data and power cables. Marco Steel Wire Cable Tray meets and exceeds all European and UK Standards.

Additional Info/Keywords:

Available in electro-zinc, pre-galvanised, hot-dipped galvanised and electro-zinc plus finishes. Marco Steel Wire Cable Tray is offered in three standard depths – 30mm, 55mm and 106mm (75mm depth Steel Wire Cable Tray can also be supplied to order) complemented by a wide range of available fittings to join and support the wire tray. In comparison to conventional tray, Marco Steel Wire Cable Tray is light in weight, enabling bends to be easily fabricated on-site. The design makes installation quick and convenient, thereby reducing on-site costs. All Marco Steel Wire Cable Tray is manufactured in a state of the art, custom-built factory in the UK, and considerable amounts of all sizes are kept in stock.

Asset Classification:

Electrical
Cable Management/Cable Support
